

The smart choice for coin management

It's field proven.

The CASHFLOW Series 7000 has been the reliable choice in over 1 million worldwide operator installations since its release. The industry's first coin manager goes beyond just accepting Australian coin currency. This new 6 tube device, reliably accepts and dispenses the Australian \$2, \$1, 50c, 20c and 10c coins. It even helps operators make smarter decisions. Unique tracking and diagnostic capabilities give operators the tools and business information they need to better manage their cash and increase profits. The CASHFLOW 7000 provides a low cost of ownership to operators because it is a low maintenance device that's built to last and perform.

Smart coin management means:

- Managing coin inventory
- Optimising payout
- Maximizing sales
- Minimizing costs

For an easy-to-operate
coin manager...

it's the CASHFLOW 7000.
